

QUALITY POLICY

The management of AMS Instrumentation & Control Ltd are dedicated to providing the highest possible standards of quality for its services and products as well as maintaining a quality management system which ensures that its services and products meet customer specifications within agreed parameters of Cost, Quality and Delivery. This is achieved by the use of Key Performance Indicators to measure the conformance to the above criteria and to use this information as a driver for Continuous Improvement throughout the company.

The company's quality management system concentrates upon error prevention, by investigating processes, identifying errors and opportunities for errors, and implementing corrective and preventative action to correct and avoid such occurrences.

The company defines quality as the conformance of services and products to established and documented requirements derived from Client needs, employee expertise and experience.

Systems are open to constant examination and review by all company personnel and approved third parties enabling observations to be made and incorporated, which provide for continuous improvement.

The company is proud of its good reputation for responsible practices and dedicated Client care, which are a result of the company's ethical culture, skilled committed staff, and quality control over its services and products. It is the company's policy to seek to operate to these standards continuously and we are working towards ISO9001:2015 quality assurance standard certification.

Suppliers to the company will be actively encouraged to improve the quality and reliability of their services and products.

The company complies with all legislation relevant to its particular industry sector together with the Health and Safety at Work Act 1974.

AMS Instrumentation & Control Ltd has identified the need to pursue responsible policies towards the community and that the interests of industry will not be served at the expense of the environment.

It is the company's belief that, in applying these standards, policies and procedures it will be able to operate to the requirements of its Clients and industry accordingly.
