#### EQUIPMENT RETURNED FOR REPAIR, CALIBRATION OR CREDIT

FROM \_\_\_\_\_

CUSTOMER REF. \_\_\_\_\_

EQUIPMENT DESCRIPTION \_\_\_\_\_

MODEL NUMBER \_\_\_\_\_

SERIAL NUMBER(S) \_\_\_\_\_

As part of the 'Control of Substances Hazardous to Health' (C.O.S.H.H.) and European Health and Safety Regulations Directive 98/24/EC – all goods returned to AMS Instrumentation & Control Ltd will be placed into quarantine until a declaration has been complete stating that the goods are safe to handle.

- A) This is to certify that the above equipment has been in contact with the material(s) noted below but that it has now been completely de-contaminated in accordance with the requirements detailed in the appropriate Instruction Manual applicable to this equipment. It is now safe to handle and dismantle without any special precautions.
  
- B) Please outline what steps and what material(s) have been used in the cleaning or decontamination of the above equipment. If none, please state why?

In signing the declaration it is understood that you have read the notes below and that the declaration is accurate.
